MALARIA: TURNING THE TIDE

Certificate of completion

Mahamane Nouri FANAMI YAHAYA

has successfully met the requirements of

Malaria: New tools to turn the tide

Issued by The Geneva Learning Foundation

Reda Sadki
Founder

Charlotte Mbuh
Director of Programmes

PRIMER | EQF LEVEL 7 | 31 AUGUST TO 11 OCTOBER 2026 | 30 HOURS

Oct 14, 2026

This certification documents 30 hours of verified professional learning at EQF Level 7. Participants reflected on a real experience of introducing something new to a community, planned how to listen to a family and talk with them about a new malaria tool, gave structured feedback to three colleagues using a rubric, and decided what to change in their own practice after reading the feedback they received. Each submission passed a human integrity check. The certification records verified engagement and practice evidence. It does not certify competency. With support from the Gates Foundation.
